Why we provide a breakdown

At BlueNRG, we believe the best relationships are formed when people are open and honest. That's why we show you exactly what costs contribute to your electricity bill.

These itemised rates show you the costs which add up to your bill, including government charges, environmental charges and other non-energy charges. This allows you to see exactly how your bill is calculated.

Is your current retailer honest with you?

All prices are based on current consumption obtained from the electricity bill details provided by your current retailer. This comparison is Indicative only and is not a firm quote.

TO RECEIVE AND SECURE FIRM PRICING, PLEASE REQUEST AND COMPLETE OUR CUSTOMER AGREEMENT FORM FROM YOUR CONTACT POINT LISTED ABOVE. ALTERNATIVELY PLEASE CONTACT BlueNRG ON 1300 355 755 AND WE WILL ASSIST.
